“Products That Move™”

Our Mission

To develop and provide products to enhance an individual's ability to live independently and to easily access storage opportunities.

Transform your pantry

The AutoPantry™ is designed to be installed with the bottom of the unit at eye-level or at a level that is most easily reached by the user. Above that are eight shelves that would normally be out of reach but **with a push of a button** can be brought down to your level! Regular stationary shelves can be included below for heavy or larger items and it can be installed in both walk-in and reach-in closets or can be installed directly into a handi-capped kitchen. The AutoPantry™ will give you the ability to select the items you are looking for so **nothing will ever get lost in your pantry again!**

Custom

Custom designs are available. Full size floor to ceiling models and larger shelf containers are available. Let us know your needs and we will supply a firm quote for your custom design.

Installation

Installation can be as quick as a couple of hours or take a couple of days, depending upon the size of the project. **StorageMotion's "white glove" installation** service means your home will be left in spotless condition when we leave. After thoroughly cleaning up the work area, your dealer will conduct a quality check walk-through with you to answer any questions you may have and ensure you're **100% satisfied** with the installation. Each installation is backed by StorageMotion's Satisfaction Guarantee. Your dealer will provide you with our complete warranty information.

Customers are saying...

"I'm so happy with my new pantry. Come to think of it, I don't know how I used to manage without it. The quality is great and it's obvious that someone really put a lot of thought into the design to make it work for anyone. It has been a great experience and I'll definitely recommend your products."

~ Dale Santella, Florida

"The AutoPantry is a really great way for people with disabilities to be able to access everyday items above counter height. It really is a great addition to anyone's pantry – I want one!"

~ Cele Locke, Case Manager
