

## CeilingLift

### CeilingLift Features

- Includes a complete enclosure with automatic lift shelf that attaches to the ceiling and needs no wall for support.
- Allows for overhead storage that when fully retracted enables people to walk underneath.
- Available as an insert for a finished ceiling cabinet(not included).
- Shelf made from Baltic Birch with clear coat finish.
- Shelves include a back OR can be open on both sides for access.
- Shelf is rigid when in the down position and will not swing.
- Wireless wall switch for easy installation - NO WIRING
- Different sizes and lifting capacity available. Custom sizes made to order.
- Delivered completely assembled. - NO ASSEMBLY REQUIRED

This unit is available with wireless wall switch and 50 pound lifting capacity.

### PRICE

\$565 or \$495 each for 2 or more units

For a 9 foot ceiling this CeilingLift would have a permanent enclosure down to 7 feet with plenty of room to walk underneath. The shelf inside would drop down to 5 feet 4 inches for easy access.
