"Thank you for providing the AutoPantry for our recent project in Atlanta. The result us simply stunning! There is nothing out there, that I could find anywhere, at any price, that does what your AutoPantry does. We have had many rave reviews of the pantry. It just works . It does what it is supposed to do and does it well. As a manufacturer we expect the products that we offer to our customers to give many years of trouble free service and we know the AutoPantry will do just that. The same applies to the Automated WardrobeLift. We're looking forward to designing many more projects that will incorporate StorageMotion products. You and Tina have been a pleasure to work with!....Marvin J. Miller, Schrocks of Walnut Creek
